Journey School Grade Readiness Policy Statement

Kindergarten attendance does not automatically guarantee acceptance into first grade. Acceptance depends upon the readiness of child and space available.

Children who turn six years old by June 1st are considered for first grade the following September. Recognizing that children do not develop and mature at the same rate, we look at three major development areas: large and small motor development, language development and social/emotional behavior. The responsibility for the assessment lies with the kindergarten teachers and the first grade teacher.

The Journey School does not discriminate on the basis of race, sex, religion, or national origin, in the admission policy, or in the conduct of its educational, recreational, athletic, or aid programs.
