

Board of Directors
Journey School
Aliso Viejo, California

We have audited the financial statements of Journey School as of and for the year ended June 30, 2023, and have issued our report thereon dated December 11, 2023. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards, and the 2022-2023 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Appeals Panel*, as well as certain information related to the planned scope and timing of our audit in our planning communication dated June 1, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings or issues

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Journey School are described in Note 1 to the financial statements.

The School changed accounting policies related to the change in accounting principle by adopting Financial Accounting Standards Board (FASB) Accounting Standards Update No. 2016-02, Leases (ASC 842), for the year ended June 30, 2023.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Significant unusual transactions

We identified no significant unusual transactions.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with management

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the management representation letter dated December 11, 2023.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Supplementary information in relation to the financial statements as a whole

With respect to the Schedule of Instructional Time, Schedule of Average Daily Attendance (ADA), and Reconciliation of Annual Financial Report with Audited Financial Statements (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated December 11, 2023.

The Local Education Agency Organization Structure accompanying the financial statements, which is the responsibility of management, was prepared for purposes of additional analysis and is not a required part of the financial statements. Such information was not subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we did not express an opinion or provide any assurance on it.

Upcoming auditing standards

Our promise is to get to know you and help you. For your consideration, we provided recent auditing standards applicable to your entity.

Accounting Estimates and Risk Assessment –

- Effective for audits of financial statements for periods ending on or after December 15, 2023. For your entity – June 30, 2024’s financial statements.
- Enhanced financial reporting framework surrounding management estimates, including a method, assumptions, and further audit process on the data (Statement on Auditing Standards (SAS) No. 143).
- Enhances the requirements and guidance on identifying and assessing the risks of material misstatement, particularly the areas of understanding the entity’s system of internal control and assessing control risk (SAS 145).
- Additional consideration on the entity and its control environment, requiring separate assessment of inherent risk and control risk.
- Expanded testing and disclosures for the use of specialists and pricing information from external information sources.

This communication is intended solely for the information and use of the Board of Directors and management of Journey School and is not intended to be, and should not be, used by anyone other than these specified parties.
